Verification of character and antecedents of ....

GOVERNMENT OF BOMBAY.
Political and Services Department
Circular ~~and Services~~ No.1724/34.
Bombay Castle, 30th October 1948.

CIRCULAR OF GOVERNMENT.

Recently a case occured in which a person who had been selected for appointment to a post in the Provincial Service was found afterwards to be a person of questionable antecedents. As it is not desirable to employ in Government service persons who se antecedents are bad, Government is pleased to direct that before any candidate selected for appointment to a post in the Provincial Service is actually appointed to the post, the Administrative Department concerned should obtain a report regarding the character and antecedents of the candidate from the District Magistrate, of the District from which candidate hails as well as of the District of Districts in which the candidate has resided for a considerable time. In the case of Greater Bombay, the report should be obtained from the Commissioner of Police, Bombay. So far as candidates coming from other Provinces are concerned, the necessary reports should be obtained from the Governments of those Provinces.

reports In the case of candidates/about whom are found to be adverse, the Departments concerned should obtain the orders of Government as to their suitability or otherwise for Government service in view of those reports.

By order of the Governor of Bombay,

M.D.BHAT,
Chief Secretary to the Govt. of Bombay,
Political and Services Department.

All Departments of the Secretariat(except the Separate Department).

P. & S.D. may see u.o.r. and advice on the procedure to be followed regarding refugees (who are also eligible for employment in the Provincial service in this Province) who have been here not for long and regarding whose antecedents it would be difficult to obtain evidence from the Govt. of Pakistan even through our High Covrt.

P. & S. D.

P. & S.D. may argue that in the case of refugees who have been come over to this Province recently it is not easy to verify their character and antecedents. In their case it will suffice if the Departments concerned consult the Commissioner of Police in the case of those who stay in Bombay and in the case of those who stay in Districts, the District Magistrates as to whether there is anything adverse about them. Of course the refugees who were in Govt. service in Pakistan have to produce evidence regarding their previous service etc. If approved R. & R.D. may be advised accordingly. Perhaps it is not necessary to issue any general orders in the matter unless any further enquiries on their part are received.

Id/-

as at 'A' no general orders seem to be at present necessary.

In view of the foregoing P. & S.D. noting no action in these papers at this stage seems necessary.

POLITICAL AND SERVICES DEPARTMENT.
'D' BRANCH.

Under section 266(3) of the Government of India Act, 1935 read with regulation 1(b)(ii) of the Regulation made by H.E. the Governor under that section all appointments to Provl. Services posts lying within the purview of the Commission which are for morethan 1 year or are likely to exceed that period are required to be made through or in consultation with the P.S.C. In the case of appointments made by direct recruitment the Commission is to be asked to advertise the posts and in the case of those made by promotion the Commission is to be consulted before the appointment is made as regards the suitability of the person proposed to be appointed.

2. The Commission had complained to Government some time back that the Departments of the Secretariat do not follow the requirement of making appointments through or in consultation with it properly. It had pointed out in this connection that some Departments made direct appointments and not through it and instead of either asking the Commission to advertise the post or obtaining its approval made to the appointments/by them immediately, delayed the reference considerably. It also pointed out that in the case of appointments made by promotion the Departments did not consult the Commission prior to the appointment as required by the rules or immediately after the appointment was made if it had to be made without loss of time, but after a considerable time. The Commission, therefore, suggested that such irregular appointments should be stopped and that if direct recruits are required immediately it would recruit them within as short a time as possible. It also suggested that if in any case direct candidates had to be taken or promotion of any person had to be made

immediately in the interests of administration the appointment should be made subject to its approval and that the requisite the reference should be made to it immediately thereafter. The protests made by the Comm. were justified and accordingl y Government accepted the suggestion made by the Public Service Commission and orders asking the Departments to follow the course suggested by the Public Service Commission were issued in Government Circular, Political and Services Department, No.2048/34, dated the 1st December 1947.

3. In spite of the orders issued in Government Circular, Political and Services Department, No. 2048/34, dated the 1st December 19 47, it has been noticed that some of the Departments still continue the irregular procedure and do no t consult the Commission at the appropriate stage. The Commission has brought a number of cases of such irregular appointments made by the Departments in which they failed to observe the correct procedure to the notice of Political and Services Department. Of late the cases of irregular appointments ~~made by the~~ in which the Departments failed to observe the statutory requirement of consulting the Commission at the appropriate stage have grown in number with the result that being exasperated the commission has suggested that unless disciplinary action is taken against persons responsible for the breach of the 'Regulations' the position will not improve.

4. It will be admitted that not following the statutory requirement of consulting the Public Service Commission in regard to appointments lying within its purview at the appropriate stage is a serious breach and cannot be always defended. Such a breach not unoften embarrasses

Government in that if the Commission for any reason does not agree to the appointment made by the Government Government has either to adhere to its own action which means overriding the Commission or to disturb the arrangements already completed. It has, therefore, been suggested that all Secretaries should issue strict instructions to their respective Departments to follow the procedure laid down in Government Circular, Political and Services Department No.2048/34, dated the 1st December 1947 strictly and scrupulously. More general instructions issued by Political and Services Department are not likely to be of any avail and hence this suggestion which all Secretaries are requested to carry out.

5. Attention of all the Secretaries is also invited to Government Circular, Political and Services Department, No. 2048/34, dated the 13th February 1948. According to instruction 6 of the Instructions to regulate the Procedure to be followed by the Departments of the Secty. in their dealings with the Public Service Commission, Political and Services Department is to be consulted before any departure from the recommendations of the Public Service Commission is made. Similarly according to the first proviso to instruction 1 of these instructions all files dealing with disciplinary matters in which reference to the Public Service Commission is to be made are required to be shown u.o. to P&SD. Also according to instruction 2 all cases of promotion to posts lying within the Commission's purview are required to be shown u.o. to P&SD before any reference to the P.S.C. is made. It has been noticed that some of the Departments do not follow these requirements scrupulously but instead of showing the files to Political and Services Department submit them direct to Chief Secretary. The Secretaries

are, therefore, requested to instruct their respective Deptts. that the files should be referred to Political and Services Department as required and not submitted to Chief Secretary direct except when the matter is very urgent and cannot brook delay.
